THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI’s Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.

2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.

3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.

4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.

5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI’s website: www.fei.org.

Should an FEI Official become aware of an incident that he or she believes might result in a claim, that FEI Official should notify the FEI immediately and provide all of the facts known to the FEI Official. On arrival at an Event venue all Horses must undergo an examination by a veterinarian to confirm their identification from their passport, their vaccination status and general health. To protect all horses attending events, any Horse with a questionable health status, with regards to vaccination, disease or other concerns, must be stabled within the isolation facilities provided by the Organising Committee pending a decision on entering the venue.

HORSE INSPECTIONS
2014 Veterinary Regulations Article 1033

All Horses will be assessed for their orthopaedic fitness to compete during the Horse Inspection. Any Horse demonstrating questionable fitness may be referred to the Holding Box for further veterinary examination. Horses not deemed fit not to compete will be eliminated by the Ground Jury and not be permitted to continue in the competition.

LIMB SENSITIVITY EXAMINATION

Horses are not eligible to compete when a limb, or part of a limb, is hyposensitive or hypersensitive (both of which shall constitute “abnormal limb sensitivity”). Hypersensitive limbs have an excessive or abnormal reaction to palpation. Hyposensitive limbs include any alteration in sensitivity induced by a neurectomy or chemical desensitisation for as long as the alteration in sensitivity persists.

All Horses are subject to Examination under the Protocol for abnormal limb sensitivity throughout the Period of an Event, including, but not limited to, between rounds and before the Jump Off. Horses may be examined once or on multiple occasions during the Period of an Event.

Horses may be selected for Examination under the Protocol randomly or they may be targeted. All Horses selected to be tested must submit promptly to the Examination or are subject to immediate Disqualification. There is no obligation to examine any specific number of Horses at an Event.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for OCs to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted. The tax form must be provided to the athletes upon arrival and returned to the OC prior to departing.

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (GR Art 127, 128)

For details of the Breakdown for each competition please refer to the tables at the end of this document; the OC must specify which of the two tables will be used. The total prize money for the competition must be distributed among the first 12 placed athletes. The OC must provide additional created prizes for athletes placed beyond 12th place. The minimum amount for each of these additional prizes, for athletes placed from 13th to last place, must be clearly specified in the approved schedule.

IMPORTANT

Maximum Number of starters per competition: 100.

If more than 100 starters are entered, the OC must split the class and provide the equivalent amount of prize money for the additional Competition. OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. There may be a different number of starters in each group. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group.

OR

The competition is run as one single competition and split afterward into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.

In both cases above each group must offer the same amount of prize money as indicated for the original Competition.
